EXPERIENCE FREEDOM

FOREWORD

India is often referred to as the land of festivals and quite rightly so. As the monsoon fun comes to an end we are gearing up for a plethora of festivals.

This last quarter we witnessed the vibrance of festivals that celebrated our ties to nature, family and the community. Nag Panchmi, Raksha Bandhan, Eid-ul-fitr and the Parsi festival Pateti, are all a part of our multicultural heritage. Our Independence Day was enjoyed with a fervor of nationalistic sentiments and pride among the community. Soon we gear up for the festive extravaganza that comes with celebrations of Diwali.

The indulgence in festivals help us create a common platform for the associates to interconnect and celebrate. Through the year we have focused on various aspects of life, like health, knowledge, creativity and art - we at EON have something for everyone. Nature lovers, Photographers and even the artists who made amazing Ganesha idols this year.

We also celebrated World Organ Donation Day in a grand manner with several performances and thoughts shared with the community about the cause. We designed these events and activities to inspire people to lead a healthier work-life balance.

At EON Free Zone, we cherish our multicultural community and encourage associates to come together, share experience and build a strong bond of camaraderie. We look forward to more club activities and club-based events in the months to come.

We hope you enjoy this edition of the EON Free Zone Newsletter. For any queries, questions or more insider information, feel free to connect with Arpita Khandelwal at +91-7767811419.

The EON Free Zone dance club organized impromptu dance performances at various places in the campus and students of SIT - Symbiosis, performed a street play to voice opinions, concerns and dispel myths about organ donation.

Noble Hospital Pune, aided the health cause by conducting a blood donation drive at EON Free Zone with more than 100 volunteers donating; making the initiative a grand success. Noble hospital's EON Clinic in Cluster C (Wing 1), offers a variety of specialty OPD check-ups every week for associates. Taking care of your health needs is now a lot easier. For the occasion of World literacy day, we tried to look at things a little differently for our associates and created an opportunity to learn about wealth management. An area all too many of us aren't fully literate in. A workshop by Mr. Suby Balasubramaniam, who was the former-CFO of Zensar Technologies, could surely change that. It focused on financial management and to help the associates excel professionally as well as personally by channelizing their wealth across their dreams and life goals. There was a healthy participation with several discussions on maximizing wealth in order to fulfill various aspect of your short-term and long-term goals. IT & IT-ES 'SPECIAL ECONOMIC ZONE'

IMPORTANT NOTIFICATIONS

SECURITY CHECK: It has been noticed that a sizeable number of associates are not in possession of SEZ ID Card. This is a mandatory document for all bonafide associates working out of EON Free Zone, IT & IT-eS SEZ. All associates must at all times be in possession of their SEZ ID Cards.

SAFE DRIVING: Road safety and safe driving at EON Free Zone need urgent attention. A special drive is required to educate everyone, especially cab and bus drivers, whose attitudes and behaviour are becoming a matter of concern. Associates who travel by cabs should themselves take the initiative to instruct the driver to follow protocol and traffic rules.

PARKING: The Police Department has intimated that parking is strictly prohibited on the concrete road leading to EON and World Trade Center Pune. Residents of nearby societies especially have objected to vehicles parked astride the road. Public in general and associates from EON and World Trade Center Pune have also complained and expressed concern about parking on the road, as driving on the road is accident-prone and creates a major traffic congestion. Due to congestion, there is no room for PMPML bus drivers to ply buses on the road and manoeuvre. Therefore, kindly refrain from parking on the road leading to EON and World Trade Center Pune.

SMOKING ZONE: Despite repeated notifications, it has been observed that smokers continue to smoke in Non-Smoking zones. Please follow rules and smoke only in the designated Smoking areas.

SELF- SERVICED VISITOR MANAGEMENT SYSTEM

In light of the increasing number of visitors to EON Free Zone, we have implemented a self-serviced Visitor Management System (VMS), which would simplify the process for the associates working at EON Free Zone, whenever they have visitors coming to the campus.

Some of the key highlights of the electronic VMS are:

- Visitors or groups can be pre-registered by associates at EON Free Zone, prior to the visit using an online pre-registration VMS. This process provides all the necessary information required for security clearance of any anticipated visitor and reduces the need of any inquiry or waiting in the lobby for pre-registration.
- Once the visitor has registered, she/he will receive an SMS & email with the One Time Password (OTP) enabling quick access to the self - service KIOSK or the dedicated OTP enabled visitor counter, where their pass will be generated and issued immediately.
- Additionally, with the technology for visitors to scan their government identity proofs, the system would maintain a database to enable easier and quicker access during future visits.
